# Vertical

An elegant addition to any interior

- ✓ Sleek design
- ✓ High space efficiency
- ✓ High heating power
- ✓ Optional towel bar
- ✓ Variety of colours

**Vertical** is a classic vertical panel radiator that's slim and discreet for optimal use of wall space in any room. This panel radiator is small in width but great in heating power. A towel rail is available for extra functionality.

### Area of application

Contemporary alternative to horizontal radiators, manufactured using steel. Perfect for applications where wall space is limited. Suitable for indirect domestic and commercial heating. Features sleek flat steel front plate with side panels and top grille. Comes with 6 x 1/2" BSP Connections.

### Sizing

Use a Heat Demand Calculator to determine which heat output is required from the large range of Tinos V vertical radiators.

### Usage

Ensure to install the air vent and plug packs included in the packaging. For enhanced efficiency and

convenience, Thermostatic Radiator Valves can be used to control room temperature. Follow the instructions provided for a secure mounting using the brackets, screws, and dowels supplied.

### AMA Text

Vertical panel radiator with slim, sleek design, featuring a flat steel plate, side panels, and top grille. Available with 6 x 1/2" BSP Connections. Suitable for 2 pipe pumped indirect domestic and commercial heating. Includes air vent and plug packs for easy installation. Compatible with Thermostatic Radiator Valves for temperature control. Optional towel bar available for kitchens and bathrooms. Includes mounting brackets, screws, dowels, side covers, brass blind plugs, and air-vent. Standard colour RAL 9016 white; other colours available on request.
